# Experts in Stone

Chesini House is one of the largest companies involved in the processing of natural stone in Australia. It is a well established company having over 40 years experience in the sector. The stone products manufactured are regularly supplied to clients throughout Australia. Stone Supply of Australia, a division of Chesini House is solely dedicated to the supply of marble and granite slabs and tiles.

The company draws on an unrivalled technical base utilizing state of the art machinery to ensure only the highest quality products are manufactured. Its management team, drawing on knowledge of accountants, architects and engineers from Australia and abroad, ensures that Chesini House leads the way through continuous international research and bringing only the finest products to the market place.

The long term vision of the company is to be able to supply the widest and most comprehensive range of all types of natural stone to the industry. This will be facilitated by the fact that it operates from a site with an industrial land holding of almost 35,000 m<sup>2</sup> with 2000 m<sup>2</sup> being under cover.

To ensure that its products are second to none a strict quality control system is employed. Raw materials sourced from quarries worldwide are hand picked and then inspected at every stage of the manufacturing process. Materials are regularly sourced both locally and from overseas locations including Brazil, India, Italy and Norway.

Whatever your stone requirements, do not hesitate to contact our technical staff for further information.
